

Ski Out Your Front Door

Big Sky, Mont.

COURTESY: SPANISH PEAK

MORE VIEWS

Price: \$2.25 million

Beds: 5

Baths: 7

Square feet: 3,423

Description: This house is part of Spanish Peaks, a private enclave of luxury homes with ski-in, ski-out access to the Big Sky Ski Center slopes.

This lodge-style cabin is timber sided and log-accented, a rugged looking exterior that conceals much more evolved interior with its painted walls and tiled baths.

The home has lots of nice touches like the natural stone countertops, alder casement windows and slate and hardwood floors. There are three fireplaces.
